

# BodyCam Auto™

BodyCam Auto™ will automatically upload files from your Falcon body camera to your storage computer or server. Simply dock the cameras to the DS-2, 8 port docking station and BodyCam Auto™ will do the rest.

- Automatically detects each body camera.
- Videos are automatically uploaded and sorted.
- Easy to use. Works on any Windows PC.
- Upload up to 8 body cameras simultaneously.
- Connect and Go Technology saves you Time & Money.
- Searching according to Device ID, Officer ID, Date recorded, File type
